

Presentation for Diana Stevens

I am thrilled to be asked to judge your championship this year. It is an honour.

My kennel name is Wylanbriar and I started working dogs back in 1994. I've covered the Labrador spectrum having shown dogs and judge shows, worked dogs in the shooting field who are of both field trial and show lines. I run and judge in working tests and field trials and have won quite a number of both. I am on the UK B panel for judging trials. I have also judged show dogs to the level of having judged at Crufts.

I am very passionate about introducing newcomers to the shooting field, Gundogs and competing. I look forward to seeing you all.
